

Campsite Reservation

Here's how to use Sportsmen's Centennial Park Campsite Reservation System 2023 Season

McLean County's Sportsmen's Centennial Park has 97 campsites, including 54 electrical sites and it is usually easy to find a good camping site within the park.

Sportsmen's Centennial Park campsites may be reserved online at
<https://app.fireflyreservations.com/Reserve/Property/SportsmensCentennialPark>.

All of the campsites at our park are subject to reservations, with the exception of the sites that are included in our long term camping. **We recommend reservations be made in advance of your visit.** Camping fees will be \$25/night for an electrical site and \$15/night for a non-electrical site.

All campers coming on a site available basis must pay immediately after selecting a camp site. **All reserved sites should be posted but campers without reservations MUST check with park personnel before setting up at a vacant site. This is to insure that they are not in a reserved area, should the reserved sign be missing. All long time sites will have RED site markers.**

Check-out time for campers is 4:00 PM. You may request an extension of up to two hours if needed. Also early check-in is permissible if the site is available. Check with park personnel.

Holiday reservations require a full non-refundable payment upon making the reservation.

U. S. Army Corps of Engineers require gatherings of over 30 people require approval of special event form. Contact park personnel for details.

Thanks for Coming!

The McLean County Park Board would like to thank you for coming to Sportsmen's Centennial Park. It is the intent of the Park Board to create a multi-purpose facility to be used by our friends.

Operations of a park the size of Sportsmen's Centennial require cooperation of the public and you have been excellent in that regard. It is costly to maintain this facility and vandalism or abuse of the park costs us all. Again we thank you for watching and protecting "your" park.

We operate on a very small and tight budget and try to keep camping rates down. The current rates are still below rates of similar parks and camping areas. Our park is not intended to be a "money-maker" but we need to generate enough income from camping fees to offset part of our annual budget.

While some of you are aware, the park has a number of wild fruits and berries onsite. In season our visitors are allowed to pick Nanking Cherries, Wild Black Currants and Gooseberries. All three make excellent jams, jellies and syrup. We also have plums, apricots, buffalo berries and wild grapes within the park which may be picked in season by campers.

If you are planning a family reunion or company outing, give us a call at (701) 337-5377 and we will help you plan a fun event.

*Again, thanks for coming to **Sportsmen's Centennial Park**.*
