Knutson clarified that the hearing for the Blue Flint Ethanol property tax exemption request scheduled for the December 1, 2020, commission meeting will actually be held at the December 8, 2020, commission meeting due to the previous rescheduling of the December meetings.

Knutson informed the commission of the legislative redistricting to be done in 2021 due to the 2020 Census. She plans to visit with other county auditors that have done this in the past on how to go about it. Meetings will be held the end of January.

Knutson discussed a request from the Washburn Rural Fire Department to purchase a truck at the state bid price and then sell the truck to the department saving them \$8,000.00. Knutson was instructed to visit with other auditors, NDACo, and State's Attorney Ladd Erickson to determine the legality of it. Lee feels it would be a benefit to tax payers.

State's Attorney Ladd Erickson and First District Health Nurse Pam Fischer joined the meeting.

The commission discussed the township meetings scheduled for January of 2021 with Lee being inclined to doing them virtually instead of in person. Discussion followed.

State's Attorney Ladd Erickson was present to update the commission on Coal Creek Station stating that Lieutenant Governor Brent Sanford is optimistic that answers will come in the next weeks. Policy makers are in favor of keeping coal operational. Erickson stated that the potential buyer has plans to come in and over time expand the operation into an energy park with coal as the core, providing power to two grids, with supplemental side businesses. A formal offer was made to Great River Energy last week, noting that though it's still not a done deal, he doesn't see anything that's not solvable. Erickson stated that Senator Hoeven, along with the Sanford have been doing a lot of the ground work and are very optimistic that a deal will get put together and be announced. He informed the commission that the outcome of the election will not affect this deal. Erickson feels the new owner will look at things differently out there, but it's a base business they can build upon and wants the county to be open and flexible.

Next, Erickson continued the discussion as to how to best utilize available office space. He presented two options.

- 1. Remodeling part of the existing Social Services office to create a new Extension office, presenting several options for construction to make the area suitable.
- 2. Rent office space downtown to house the Extension office with the landlord willing to remodel the space to fit their needs.

Discussion followed. Gray explained that Extension is built on a partnership with the county. We don't dictate where we are put but have attributes of space needed adding that it's not just the square footage, but the type of space:

- Safe and secure
- Adequate storage
- Privacy
- Video conferencing
- Social distancing
- Meeting space
- Easy public access
- Prep space
- Reliable high-speed network

Cottingham stated that these requirements are not a unique list and other departments need to be balanced as well. The commissioners, Erickson, and Gray will visit the two sites after today's meeting.

Courthouse closure due to COVID-19 numbers was briefly discussed with the commission deciding to keep the doors open for business, maintaining the mask mandate and social distancing, and recommending that an ad be placed in the county newspaper so that the public is aware of the requirements.

The Chairperson recessed the meeting at 9:56 a.m.

Chairperson Cottingham reconvened the meeting at 10:00 a.m.

Moved by Suydam, seconded by Lee, to approve the following vouchers for payment:
